PROFESSIONAL EXPERIENCE

Senior Developer, RedPhantom Tech Novelty Pvt Ltd 04/2022 – 07/2024
Pune, India

- Successfully deployed a full-stack web application on an AWS EC2 Linux server, ensuring smooth interaction between frontend and backend services.
- Managed the entire deployment process on AWS EC2, including instance setup, security group configuration, and ongoing maintenance of the server environment.
- Enhanced application reliability and performance by leveraging AWS infrastructure, focusing on scalability and user accessibility.
- Configured a public-facing application for user access while securing sensitive data by setting up a private database, following best practices for cloud security.
- Utilized Git for version control, ensuring efficient code collaboration, tracking changes, and managing the development workflow.
- Used WinScp & FileZilla for accessing server files, used PuTTY for accessing a remote machine using SSH & Deployed websites through the terminal.

Service Delivery Executive, Neeyamo Enterprise Solutions 06/2021 – 03/2022
Pune, India

- Client Relationship Successfully fostered strong and lasting client relationships by providing exceptional customer service.
- Used specialized tools for a comprehensive background check, including criminal record searches, employment history verifications, reference checks, and drug screenings.
